PROFESSIONAL SUMMARY

Passionate and innovative Front-End Developer with a proven track record in building dynamic and responsive web applications. I am dedicated to crafting user-centric interfaces that enhance user experience and drive business success. Currently expanding my expertise into backend development with a focus on Node.js and MongoDB, aiming to become a versatile Full-Stack Developer. Eager to contribute to a forward-thinking company that values creativity and technical excellence.

TECH STACK

- Front-End: React | Next.js | JavaScript (ES6+) | TypeScript | React Hooks | Redux | HTML5 | CSS3 | TailwindCSS | CSS-in-JS | Chrome Extension Development
- Backend (Learning): Node.js | Express | MongoDB
- Tools & Others: Git | GitHub | Agile Methodologies | Responsive Design

PROFESSIONAL EXPERIENCE

Front-End Developer | HNGX | Lagos, Nigeria / Remote

September 2023 – November 2023

- **Inventory System:** Developed an intuitive inventory system for a supply chain company, significantly improving order and sales tracking accuracy.
- **Screen Recorder Chrome Extension:** Collaborated with backend developers to build a Chrome extension that enables users to record their full screen or current tab, with seamless sharing capabilities.
- **Image Gallery Web App:** Designed and implemented a drag-and-drop image gallery with authentication features, enhancing user engagement.
- **Movie Web App:** Created a dynamic movie web application where users can browse, view, and mark their favorite movies.

Technologies: JavaScript, TypeScript, React.js, Next.js, Node.js, Express

EDUCATION

Diploma in Civil Engineering

Federal Polytechnic Oko, Anambra, Nigeria

2019 – 2021
